

# RANKEN ENERGY CORPORATION

Ranken Energy Corporation was formed in May 1986, by Randolph L. Coy as a conservative oil and gas exploration and production company. The primary focus of the company is to develop and drill high quality, technically sound prospects.

## Why Ranken Energy?

### RESULTS

We have established a rock solid track record of results in our 31 years in the oil and gas business with the numbers to back it up.

### TECHNOLOGY

We have invested heavily in modern 3D seismic technology to ensure we have the best subsurface information possible.

### EXPERIENCE

We manage the entire process from prospect development to revenue distribution to ensure a great experience for our partners.

### TESTIMONIALS

We pride ourselves on first-class service and communication. Hear from our partners about their experiences working with us.

LEARN MORE

Ranken Energy Corporation offers direct oil and gas investment opportunities that enable investors to participate in the potential cash flow and the unique tax benefits associated with oil and gas investments. Investing in oil and gas is highly speculative and could result in substantial losses. The information contained in this website is for informational purposes only and is not a solicitation to buy or sell any securities. Information on this site is not intended to be used as investment or tax advice. Consult your investment advisor or tax advisor concerning the current tax laws and effects on your personal tax situation

## RESULTS

The Numbers Don't Lie.

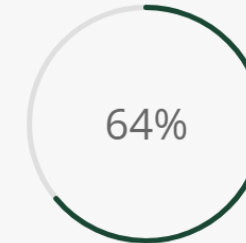

Total Wells Drilled

Ranken Energy has drilled 375 wells in our 31 year history.

3D Seismic Wells Drilled

We have drilled 193 wells since we started using 3D seismic in 2001.

Successful 3D Prospects

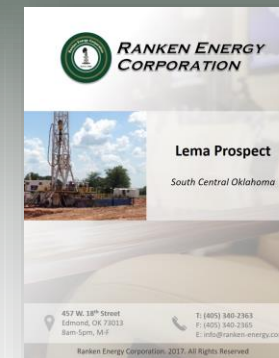

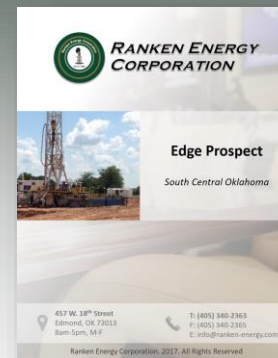

Of the 109 3D seismic prospects assembled to date, 70 have been successful.

Net Net Revenue Distributed

Total NET NET revenue distributed since 2001, in USD.
